MAIL BID AUCTION #6
CLOSING DATE: Oct. 7, 1970

PRICES REALIZED
$1.00

This auction reflects many new acquisitions made at the ANA in St. Louis. Highlighting this sale is an outstanding selection of Civil War storecards; probably the most extensive and varied selection that has been offered for sale in many years. Now is the time to buy these tokens before the big price rise which will most likely attend the introduction of the Fulds' new book (which will give pictures and rarities of each variety). Again, because of the large amount of expensive pieces, successful bidders of $100.00 or more may pay their bill in two equal monthly installments. Are you disposing of all or part of your token collection? I am always interested in purchasing material for my auction. Just ship or describe what you have with your best price.

Last, but certainly not least, is this excessively rare example of the 1864 Feuctwanger Three Cent piece. It is one of the most sought after US merchant tokens, of interest to every serious collector of tokens. This example is strictly uncirculated, although lightly flecked with carbon. Minimum bid is .....$275.00.....

Here's a good opportunity to fill in many of your missing merchants. Some of the "R2 and R3" pieces are tougher than the R5's.
